LAWYERS CRY FOR FARMER MEMBER

Is the Conservative Campaign Slogan in Vermilion Constituency Very Sincere?

THE MEETING AT MINBURN

James Park and Duncan Marshall Point Out Conservative Inconsistencies

(By a Staff Correspondent)

Minburn, June 25.—Premier Sifton spoke here last night at a meeting well attended by the residents of this district. Hon. Duncan Marshall also addressed the meeting and Mr. C. C. McCaul spoke on behalf of the opposition.

Mr. James Park, who acted as chairman, opened the meeting in a most lively speech.

"A peculiar thing about this election," said Mr. Park, "is that there is a great cry being raised for a farmer representative. And the funny thing about it is that those who are advocating a farmer this time voted for a Conservative lawyer a few years ago, when a farmer was running."

"We have five or six lawyers from Edmonton down here who are taking a very deep interest in having a farmer elected from this district, although these same lawyers have never taken any very particular interest in the welfare of the farmers heretofore."

Mr. Park then pointed out that if this constituency did not elect Mr. Sifton, they would be the only ones to lose. The government would still remain and Mr. Sifton would still be premier. The only difference would be that Vermilion would be represented by a member of the opposition.

Hon. Duncan Marshall also remarked on the wonderful interest that several Conservative lawyers were taking in the election of a farmer candidate. "Although," as he pointed out, Mr. Morrison, one of the advocates of Mr. Clarke, had run against a Liberal candidate a number of years ago. He thought that whether a man was lawyer, a farmer, a merchant or a doctor did not either qualify or disqualify a man. It was more a question as to whether he would be a good representative and a good legislator. There was no question as to which would make the better representative and legislator in this case.

Mr. McCaul went over very much the same ground as he did in his speech last night at Vermilion and Mr. Sifton again answered his arguments very successfully.

"The Conservatives have taken it as their right to insinuate charges against the Liberal party in their press and throughout the country," said Mr. Sifton, "but not one of their representatives in the house made any charges."

In answering Mr. McCaul's argument that Mr. Sifton should not be supported unless he gave some definite answer, Mr. Sifton pointed out that if there was going to be a radical change in the Liberal policy, this might be good argument; but there was not going to be any change. The present government was still going to follow the policy in regard to railroad and road building, schools and farmers' institutes and agricultural colleges as was the aim of the late government.

Mr. Sifton left here this morning for Janisse where he will address a meeting tomorrow night. He will go to Edmonton for Sunday, but will return to this constituency on Monday morning and will remain here until after the elections.

The Conservatives are getting rather desperate as they see the way in which popular feeling is turning toward Mr. Sifton. C. C. McCaul has been here some days. Mr. J. D. Hynes, who left for the southern part of the constituency on a canvassing expedition, Mr. Morrison and Mr. Mackie and Mr. Ewing, all Edmonton lawyers, are also working hard, apparently in an effort to save their candidate his nomination money.

The lawn social which was to have been held Monday night last will be held this coming Monday evening on the grounds between St. Joachim's Church and the convent on Tenth street. The Citizens' Band will be in attendance. Ice cream and other refreshments will be served. The admission will be twenty-five cents and children half price.

TRAVELLED FAR IN REFRIGERATOR CAR

Little Italian Girls Had Terrible Experience Through Cruelty of Some Boys

New York, June 25.—Unconscious, locked in each other's arms, two little Italian girls were found yesterday lying on the floor of a freight refrigerator car on the Lackawanna railroad at Secaucus, N. J., near Hoboken. They had been shut in the car at Hoboken on Tuesday afternoon by malicious boys and had made the journey in their dark rambling prison without food or water.

MIDNIGHT FIRE WAS INCENDIARY

Six Horses Were Burned to Death in a Stable on the Flats

MAN ACTED SUSPICIOUSLY

Neighbors Were Frightened by Blaze and Began Moving Out Their Household Goods

A fire in which six horses were burned to death, occurred last night, shortly after midnight when a stable at the rear of a house occupied by F. Ballou was destroyed. It is thought that the fire was of incendiary origin.

Dr. J. Park, who was returning from a visit to a patient was the first to notice the blaze and shouted to Constable Davis who was standing not far away. At the time the constable was engaged in watching a man whose actions suggested of the suspicious and after requesting Dr. Park to give chase to the man, who was then rapidly retreating away, he ran to the alarm box near the Edmonton Hotel. The engine from No. 1 station was the first to arrive but was quickly followed by those from stations 2 and 3.

The fire gained headway with alarming rapidity and before long the stable was one mass of flames and things began to look serious for other buildings in the vicinity including the grand stand on Diamond Park. The inhabitants of the neighborhood were convinced that their respective dwellings were doomed to destruction and began a general salvage of their household goods, but the fire department under the able direction of Chief Davidson managed to confine the fire to the stable.

The barn was the property of Theodore Walters, a teamster who resides at the Edmonton Hotel, while the horses which were killed were the property of Walters, Sam Hodgson, and a Belgian named Rudolph. There was \$75 insurance on the stable but the animals were a total loss.

Dr. Park, who chased the man pointed out by Constable Davis, did not succeed in overhauling him, but further attempts will be made to effect his capture.

AVIATION MEET WILL OPEN TO-DAY

Montreal Is Holding the First Ever Held in Dominion of Canada

Montreal, June 25.—Montreal aviation week opens today. There are now on the course four Wright machines, a Blériot owned by Mr. J. Carrière, of Montreal, the Badcock and three Blériot machines owned by Count De Lessep, French aviator, who won the English channel and who will make his first flight on this contest at this meeting. The meet is to be held a few miles outside of Montreal at Lakeside and as both the Grand Trunk and C. P. R. run past the grounds on which a grand stand a quarter of a mile long has been erected, there will be trouble no experienced in handling the large crowd expected.

BRIBERY SCANDAL IN U. S. A. SENATE

Senator Gore Declares That Fifty Thousand Dollars Was Offered to Him

THE INDIAN LANDS CASE

Sensation Arises Out of Big Legal Dispute—Several Senators Are Involved

Washington, June 25.—Senator Gore of Oklahoma, disclosed in Senate yesterday, what he interpreted as an effort to bribe him with \$50,000 in connection with the legislation effecting the forfeiture in attorney fees claimed by J. F. McCann for services rendered to the Choctaw and Chickasaw Nations in the land and towns cases.

The charges created a sensation in the Senate which was later extended to the house which later in the day in consequence sent back to conference the general deficiency bill which carried an item relating to the contracts between the Indians and their attorneys. As a result of the charges, Senator Gore finally involved a number of the Senate Committee of Indian Affairs and two former senators, one from Nebraska and the other from Kansas, whose names were not made public.

AIRSHIP CARRIES RECORD NUMBER

Zeppelin's Big Ship Made Successful Trip With Thirty-Two Passengers

Dusseldorf, June 25.—The Deutschland, on a longer trip yesterday, carried 32 persons, including ten women, the largest number transported by a similar craft at one time. Running with the wind it attained a speed of 50 1/2 miles an hour. The trip was from this city to Essen, Dortmund and Herchen, and return. The airship passed over the chimneys of the great Krupp works at Essen. On the return the Deutschland encountered a rain storm and had to fight her way against a head wind. Upon landing the women passengers said they had not experienced a moment of discomfort.

PORTLAND MAN LIKES ALBERTA

He Is Here to Look Over Some Lands Purchased Near Viking

C. H. Campbell, president of the Pacific Bridge Company, of Portland, Ore., and one-time owner of the Portland Street Railway, accompanied by A. W. Zimmerman, and T. W. Johnson, also prominent business men of Portland, spent yesterday and part of today in the city being registered at the King Edward. Mr. Campbell is here for the purpose of inspecting several sections of land near Viking which he purchased last year and incidentally to form impressions of the Canadian North-West.

Mr. Campbell was considerably surprised with the climate which is enjoyed in this part of the country. He has been accustomed to consider the country a place where the teapot freezes on the stove.

Speaking of the province of Alberta generally he said that the impressions he was very favorable, and was especially so of this district.

Mr. Campbell and his companions, who have also purchased land in the same vicinity, leave today for Viking, but expect to return to Edmonton in a few days.

COLLECTED FOR HOSPITAL

Mr. Adams, secretary of the hospital board has announced that the amount collected at Diamond park last Sunday afternoon for the fund in connection with the new subscriptions were received from three of the city churches. St. Paul's Anglican gave \$5; St. Peter's Lutheran, \$3.35; and Christ church, Anglican, \$1.50. The hospital board beg to acknowledge these subscriptions with thanks.

NO STRIKE VOTE

Montreal, June 25.—According to the statement made last night by J. M. Blacklock, vice president of the trainmen's organization, there will be no strike vote taken in case the Canadian Pacific railway turns down the ultimatum sent to the company by the committee that men must be given everything claimed by them.

GAS OR STEAM PLANT?

Commissioner Tells Company That a Decision Will Be Made on Monday

Commissioner Bouillon has received a telegram from the Allis-Chalmers Company, Milwaukee, stating that matters have arisen in connection with the installation of the gas producing plant which makes a conference very desirable. They asked that Commissioner Bouillon and Mr. McNamilton go to Milwaukee at an early date, believing that the difficulty could be eliminated. Mr. Bouillon wired back stating that neither he or Mr. McNamilton could afford the time to go to Milwaukee and suggested that if the company wished to confer with city commissioners they should send representatives to Edmonton. He also stated that a decision may be arrived at prior to Monday else the city will proceed with a steam plant.

FUNDS NEEDED FOR FRESH AIR CAMP

Everyone at All Able to Do So Should Assist in Splendid Work

The Ladies' Auxiliary with the full approval of the Council of United Aids, have determined to open their annual open air camp on the Gibbons property the 2nd and Thursday in July.

This property has been placed at the disposal of the ladies for the time being and every effort will be made to take to the camp every delicate woman and child that can be found in the city.

Nor will the camp entirely consist of sick people, but all such poor children as may make application for a few weeks of happy and healthy recreation.

Comfortable sleeping accommodation, together with the plainest and most nutritious foods will be given.

To cover the necessary expenditure public generosity is appealed to, and readers of this paper are asked to assist the ladies in the commendable enterprise by sending contributions to the office of this paper.

The following sums have been contributed to date:
The Daily Capital \$50.00
Fraser Times 50.00

GOVERNMENT STOCK YARDS

Winnipeg, June 25.—Arrangements have been completed for the establishment of a public abattoir and union stock yards in St. Boniface under government control.

FIRE WAS STARTED FROM LOCOMOTIVE

Three Homes Were Destroyed According to the Report to Ontario Government

RAILWAY TIES BURNED

None of the Crown Land Timber Was Hurt, But Rangers Had Hard Fight

Toronto, Ont., June 25.—Homes were wiped out by forest fires in Comel and O'Connors townships according to the report of Crown Timber Agent J. A. Oliver, received at the Department of Lands, Forests and Mines today. The unfortunate owners were Levi Scarlett, Basil Ingram and D. White. The contents of their homes were also wiped out, but no lives were lost.

The men took to the water with their horses and cattle and had some thrilling experiences.

Greer's mill, with 40,000 feet of lumber, was also completely destroyed and the camp of the G. T. P. at Haequoit was destroyed.

The fire, according to the official report, swept from Mack to Selby and destroyed a large quantity of ties and logs at Selby. No Crown land timber was damaged, though the fire rangers had a hard time. The Crown Agent reports that the fire started on the G. T. P. near Peter, presumably from the engine.

Rain the Only Check.

Port Francis, Ont., June 25.—Continued dry weather, unless heavy rains come soon, and to the already great loss caused by bush fires east of here. At Mine Centre, Banning, Steep Rock, Bears Pass and other points fires are doing much damage. The timber owned by the Rat Portage Lumber Co., Rainy River Lumber Co., Rainy Lake Co., Shelvin Mathieu Co. and others are being swept by fires to a more or less extent.

At Mine Centre the sawmill and yards formerly owned by Graham and Horne, but now the property of Mackenzie and Mann, had a narrow escape yesterday from destruction.

One hundred men were fighting fires day and night and the latest reports are that they will likely be saved.

The number of fire rangers is wholly inadequate, there being only two employed along the railway for a distance of sixty miles.

Millions of dollars worth of damage has been caused this spring and summer by the fires. Large forces of men are now working along the line trying to prevent further loss but their efforts appear futile.

LOGAN APPOINTED MILK INSPECTOR

City Commissioners Decide on Man Recommended by Board of Health

The appointment of a milk inspector which has been hanging fire for some time has at last been realized. Mr. Andrew Logan, the man recommended for the position by the board of health, being given the office. The appointment was made at yesterday afternoon's meeting of the city commissioners, and Dr. Shearer, the present veterinary inspector will be given notice that his services will not be required after the first of July.

The utilities commissioner submitted plans for the proposed water extension and it was decided to call for tenders at once. Tenders will also be called for the erection of the new east end bridge.

In connection with the Burn's slaughter house in Norwood, it was stated that the board of health should make a report on the matter before further action is taken. The engineering department was also asked to make an estimate on the cost of water and sewer extensions between Stony Plain Road and the railway tracks east of Park street.

S. Larue asked permission to move the present Victoria Hotel to the rear of the lot to allow the erection of a three-story brick building. As this would be a contravention of the fire bylaw the request was refused.

LADY LAURIER WILL SUMMER AT BANFF

Sir Wilfred Has Had to Cut Out Intended Rest Before Western Trip

Ottawa, June 25.—Owing to his many engagements Sir Wilfred Laurier has altered his vacation programme. Instead of going first to Arthursville he will go west and on his return in September will visit Arthursville. Lady Laurier will also visit Arthursville after which she will go to Banff for rest of the summer.

FOREST FIRES COST MILLIONS

Several Large Companies Have Suffered Very Heavy Losses Near Antikokan

LARGE AREAS SWEEPED OVER

A Number of Camps Have Been Destroyed As Well as Several Dams

Fort William, June 25.—Millions of dollars worth of damage has been caused by forest fires in the Atikokan district, where J. D. McArthur's lumber mill was destroyed by fire early in the week. In addition to the mill about 50,000 feet of his lumber was destroyed, two and a half miles west of Atikokan. Six million and a half dollars damage was done through the burning of timber berth, No. 61, forty one square miles in extent, the property of F. Weyerhaeuser Co., of St. Paul.

The Rat Portage Lumber Co., at Eye River, fourteen miles west of Atikokan, lost all their dams and this rendered them unable to run the drive. This morning this firm also lost its camps and a large amount of standing timber.

The Northern Construction Company's camps have also been destroyed. These people are the largest lumber operators in the district and from their winter camps from 500 to 600 men. The fire is raging practically all the way from Atikokan to Port Francis and in some places runs to a depth of fifteen miles into the C. N. R. tracks. The principal timber in the burned area is red, jack and white pine.

SUFFRAGETTES ARE STILL MILITANT

Woman Broke Windows of House of Lords Throwing Messages to Asquith

London, June 25.—Emily Davidson, a militant suffragette, was fined \$5 in the Bow Street Police Court yesterday for breaking windows of the House of Lords by means of chalk to which labels were attached addressed to Asquith. The labels contained such expressions as "Indignant women won't take this insult," and "Women won't be trifled with." These messages referred to the refusal of the government to give facilities for the passage by the Commons of Shackleton's bill for the enfranchisement of women under certain conditions.

BRITISH BUDGET NEXT THURSDAY

Bill to Change King's Declaration Will Also Be Introduced Next Week

THE SUFFRAGETTE BILL

Premier Asquith Says It May Be Read Second Time, But Promises No More

London, June 25.—In the Commons Premier Asquith announced that the Budget would be re-introduced on June 30. The Prime Minister promised to give opportunity for the second reading of David James Shackleton's bill for the enfranchisement of women, but said he was unable to promise further facilities in this respect at the present session.

The prime minister also said that he hoped to introduce the bill in reference to the King's accession declaration next week. It would, he said, merely propose to alter the language of the declaration. It would not vary in any material respect the conditions of the accession to the throne.

Veto Conference

It is hoped that the veto conference will be held before the end of July. Augustine Birrell, who is a member of the conference, speaking at Bristol last night, made some attempt to placate the stalwarts of the Liberal party as far as the strict reticence surrounding the negotiations permitted. He said that the conference was not between popes or plenipotentiaries, not between those who could bind or loose, not between those who could sign, seal or deliver. Therefore there was no need to get agitated. The notion that anyone would meet at a round table to try and discover a compromise was ridiculous. The object was to find out an agreement, to find out how far it extended and how far it would carry them. They must not forget that in the event of disagreement their position would revert to its former state.

STRATHCONA EXHIBITION

A final meeting of the Industrial Exhibition Association was held yesterday in the Board of Trade office, when the judges and committees were appointed. The judges for the horse races will be Messrs. James L. Fortie, J. H. Millar, Charles May and G. Mansel. In the athletic events the committee will be Messrs. Blain, Lucas and R. H. Palmer. Entries for the events are still coming in fast, and the free-for-all is likely to prove an exceptionally good race. All entries close at 6 p.m., July 29th.

SOLDIERS COME BACK FROM CAMP

"A" and "B" Squadron, Alberta Mounted Rifles, Landed at Strathcona

At 7 o'clock this morning "A" and "B" squadrons A.M.R. detrained at the C.P.R. station, Strathcona. The horse train which followed behind was speedily unloaded, and soon a healthy, sunburned regiment was riding towards the armory. Both men and horses were in excellent condition and, according to all accounts have spent a really useful and enjoyable ten days in camp. Plenty of hard work, plenty of exercise and loss of excitement and amusement have made the time pass all too quickly. The horses this year are a great deal better than the mounts procured last year but it almost seems a pity that each man could not have his own horse all the year and train it to the ways of military life, and to know its own master, in case of an urgent call to active service.

Yesterday a prairie fire broke out near Calgary which the troops in camp were called out to fight. The Alberta Mounted Rifles played an important part in putting it out, which was done after some arduous work.

After water was cut off the horses at the public water troughs opposite the Army, "B" squadron disbanded, while "A" squadron marched across to Edmonton and disbanded at the Army, at 12.30 a.m.

ARMIES OF ANTS
IN KANSAS TOWNThey Are So Bad That Many
People Are Leaving the
Place

Kiowa, Kas., June 25.—There is an all-summer job waiting for a man who can rid this town of ants. The ant problem here is not a joke. The little pests have really become a men-

ace. They just bothered the residents by destroying lawns. Then they moved into houses and began infesting pantries and other places where edibles were kept. After that the insects began to damage clothing. Becoming bolder, they attacked people while they slept.

Several families have given up hope of ridding their households of the pests and have moved from here. So far the only method found for killing the insects is to pour boiling hot water among the nests. But the trouble is in locating the nests.

PEOPLE OF FRANCE
LOOK TO AMERICACommittee Has Been Formed to
Increase French Influence in
This Hemisphere

PROMINENT MEN ON IT

It Aims to Open Bureau of General
Information Similar to
One at Washington

Paris, June 24.—The "France-America" committee, formed last winter under the leadership of Gabriel Hanotaux, former minister of foreign affairs, to develop closer commercial and intellectual relations between France and the two Americas, has now been placed on a solid footing.

The committee has begun the publication of a monthly, and practically all the prominent men of France have agreed to co-operate actively in the work. Among the members of the committee are Anatole Leroy Beaunoir, Paul Adam, Paul Bourget, Leon Bourgeois, Baron de Courcelles, Prince Roland Bonaparte, Comte d'Haussonville, Paul Hervieu, both the Barons de Rothschild, Marquis de Vogue, and others.

The committee plans to open a bureau of general information similar to the bureau of American republics at Washington. The whole object of the institution, as explained by M. Hanotaux, is to bring about closer understanding and mutual sympathy between the Americas and France, and from that standpoint the work will have the warm encouragement of the French government.

The opinion is held here that both commercially and politically much more power and influence will be acquired by the western hemisphere, especially after the completion of the Panama canal, if this campaign has been deliberately undertaken to increase France's influence in the new world.

ALBERTA'S APPEAL
MAY BE DELAYEDCase of Province Against C.P.R.
May Have to Wait Until
November

London, June 25.—Of the Canadian cases which will come before the judicial committee of the House of Lords, which sits on July 31st, the most important among them are two appeals of the Alberta government regarding the taxation of Canadian Pacific lands. Many millions of dollars are involved. The counsel engaged for the Canadian Pacific railway are Sir Robert Finlay and Messrs. Ewart Stuart, Tupper and Creelman of the Canadian Bar, and for the Alberta Government, Sir Edward Carson and Messrs. Hamar Greenwood and S. B. Woods.

In view of the absence of Sir Robert Finlay and Mr. Ewart at the Hague arbitration, the case may go over to the November sittings. At each of the hearings the Canadian courts have upheld that the twenty-year exemption from taxation dates not from the signing of the company's charter, but from the issue of letters patent, unless the land is actually sold and the agreement completed meanwhile.

Prince Rupert, June 25.—English capital came into Prince Rupert last week amounting to over \$200,000 and was invested in real estate. M. M. Stephens & Co. sold two lots on Second avenue for \$18,500. This is the highest price yet paid for property on the south side of that street.

The same day O. M. Helgeson & Co. sold for Percy Morris Company two lots on Third avenue for \$19,500. This sale represents a net profit of over \$15,000 in one year and two days. The above two sales are the most notable, although several others are awaiting the return of the owner to sign over the property. Heavy buying in real estate has started again, and nearly all the brokers report sales during the past week.

Mexico City, June 24.—Thirty-seven persons were killed and as many others injured yesterday in the wreck of train on the Manzanillo line of national railways in the State of Colima. Four cars of the train broke loose from the locomotive and dashed down a steep grade, jumping the track at a terrific speed. Engineer Watson, an American, and Conductor Matias, a Mexican, were arrested by the authorities pending investigation.

POLICE SERGEANT
REGULAR SPARTANSon Was Arrested for Fighting
and Father Sent Him to
the Cells

New York, June 25.—Charles Blaney, son of Lieutenant Edmund Blaney of the Atlantic avenue police station, Brooklyn, was entered on the blotter for disorderly conduct yesterday by his own father. He was arrested with William Malone when the two had a fist fight following an argument over the relative merits of Jeffries and Johnson.

Blaney had taken the Jeffries end of the discussion, and when the fight started Lieut. Egers came along and arrested the men. They were brought to the Atlantic avenue police station, where Lieut. Blaney was on the desk. When he saw the prisoners he turned pale, but he proceeded with his usual questions.

"Name?" he demanded of Blaney, fils.

"Why, you know me, dad," the young man replied.

"Cut that—give the information required," sternly ordered the lieutenant. "You are a prisoner, here and we allow no favors."

Alas, the young man went through the answers, and after his son had been searched the lieutenant

said curtly:

"Take the prisoners to the cells." When the men were sent to the Gates avenue court, Blaney refused to make personal intercession for his son, but Magistrate Hyman suspended sentence upon both men.

California Oil will bring
you greater and quicker
returns than any other
investment

You have heard of the wonderful wealth of California Oil Fields—of how men who invested but a few dollars in various oil companies at their inception became independently wealthy in a night. The instances that we quote herewith, in which a hundred hundred dollar original investment became worth as high as fifteen thousand dollars, are not exceptions.

Take, for instance, if you had invested \$100 in the following companies, on the following basis, you would have made:

Silver Tip\$ 600
W. K.1,000
Sterling1,000
Premier1,100
Monte Christo1,120
Record2,000
S. F. & McK.2,400
Saner Dough4,166
Lucile5,000
San Joaquin5,700
Peerless6,350
Kern River9,500
Central Oil15,000

"Pinal" shares sold at 25 cents, are now selling at \$25, and paying monthly dividends of 15 per cent., an income of \$60 per month on an investment of \$100. When the "Silver Tip" came in, the stock jumped over night from 60 cents to \$4 and has been paying monthly dividends of 10 per cent. ever since.

There is nothing phenomenal in such occurrences. Almost every day a well is being brought in by some company in the California oil fields, many of which are gushers, spouting thousands of barrels per day.

The "Lakeview," for instance, came in a short time ago with 40,000 barrels a day.

"Silver Tip" with 23,000 barrels a day. The "Coalinga-Mohawk" a wonderful flow of 12,000 barrels per day; and we honestly believe that the "Coalinga-Eureka" property will produce as much, if not more, in her time.

first well, as has any of the premier wells in this district.

We base such a statement on the fact that the property controlled by this Company is so well situated, being within the proven oil zone, and having in its immediate vicinity the largest producing oil wells in the world.

You will see therefore that in this proposition the element of chance is eliminated, and you are practically placing your money in an already-sure-thing. Never before have the public been afforded an opportunity to buy in on the ground floor in a proposition embracing at the same time the maximum security for the money invested and the greatest probably profits.

Remember that 96% of the
wells drilled in the Coal-
inga Field produce oil.

The small block of stock remaining to be sold at 25 cents per share will no doubt be taken up within a few days after this advertising announcement appears. This means, that if you anticipate acquiring an interest in the California oil fields, through the purchase of shares in the Coalinga-Eureka Oil Company, you must act promptly; either wire your reserve for a block of shares at once, or remit by first mail. If you wire, specify clearly the number of shares and send your cash deposit or all cash by first mail.

On receipt of wire, the Secretary of the Company will set aside the block requested, allowing sufficient time for a letter to reach the Company's office from your home, if you take advantage of the first mail.

Price of Shares 50
Cents, July 16th

Do not overlook the fact that we have issued a statement that the price of every share in the Company will be advanced to 50 cents on the morning of July 16th. It will be impossible for you to acquire Coalinga-Eureka oil shares after that date at a per cent. on the money they have invested lower figure. Those who have taken advantage of the 25 cent offer will make 100 and will be in the pathway of great profits, since it is only a matter of a few weeks until the drills on our property will be down to the oil levels.

No man can become wealthy by leaving his money in the Savings Bank at a small rate of interest. You must invest your capital in a proposition which embraces the greatest security and a promise of early and handsome profits.

OIL IS PRODUCING, TO-DAY MORE MONEY AND GREATER WEALTH THAN ANY OTHER RESOURCE OR COMMODITY IN THE WORLD. In a very short time all of the available property in the California fields that are within the proven oil zone will be taken up by capitalists or in the control of corporations.

REMEMBER THAT THE SHARES OF THIS COMPANY ARE NON-ASSESSABLE. EACH SHARE HAS A PAR VALUE OF \$1.00. SMALLEST BLOCK OF STOCK SOLD 200 SHARES, ON WHICH PAYMENTS ARE AS FOLLOWS:

TIME ISN'T RIPE FOR RECIPROCITY

According to the Retiring President of Branch of Manufacturers Association

Montreal, June 25.—In his retiring address as president of the local branch of the Canadian Manufacturers' Association, Mr. Wm. Caldwell, of the Caldwell Paper Company in referring to the trade relations between Canada and the United States, said in part: "You are all aware that the existing tariff of the United States is on the average 25 per cent. higher than the Canadian tariff on dutiable goods. If the United States is sincere in its professions of friendship and in desire for closer trade relations, let them first show, in a practical way by reducing their tariff to the level of ours. The adoption of a reciprocal treaty with the United States would be premature as far as Canada is concerned, in my opinion, and I believe from observations and from information gained in trips from Halifax to Vancouver, that I voice the opinion of the majority of the people of Canada."

OFFICERS AIMED TO BE THE RULERS

Chinese Government Discovered and Nipped Revolutionary Plot in the Bud

Peking, June 25.—A dispatch from Hankow states that the viceroys of Hunchan and Hsiao-shan provinces have arrested and placed in close confinement four high officers of the Eighth Division of the new army, including the generals in charge, who are charged with being actively engaged in revolutionary propaganda.

The promulgation of the victory is believed to have nipped in the bud a movement to create a military league to control the army and through it the government.

POLICEMEN MUST ALL BE UNIFORMED

Mayor Gaynor Wipes Out Plain Clothes Men in City of New York

New York, June 25.—Mayor Gaynor's latest reform became known yesterday with the issuance of an order by the police commission wiping out the plain clothes men.

Two hundred and three policemen, many of whom have never worn a uniform, must don one today and begin patrol duty.

For years reformers have inveighed against plain clothes men as the go-between by which tribute is collected from lawbreakers, and Mayor Gaynor, it is known, takes a like view.

A Tongue Twister Thimplied "Some very queer tongue twisters are really very hard to enunciate, for instance, The sea catfish, and it suffices us."

WILL PROTECT THE FORESTS

The Superintendent of Forestry Branch Says Department is Alive to the Necessity

That he fully realizes the importance of adequately protecting the timber in the north of Alberta and that he will take every means possible to extend the system of fire protection in that country, will be the policy of R. H. Campbell, superintendent of the forestry branch, department of the Interior, who arrived in the city last night, and leaves today for Wainwright to inspect the buffalo park, after which he will return to Edmonton further to investigate the matter of fire protection for the north.

Last spring, which came early and melted the snow rapidly with no rain to speak of, was the worst for fires, in the history of the country, according to Mr. Cameron. High winds fanned the embers, which had been smoldering all winter, with the result that disastrous fires broke out all over the country. The fires along the Athabasca river, in Saskatchewan, at Mistatin, on the C. N. R. where a sawmill, fourteen box cars and a lot of timber were destroyed, and north of the C. P. R. line, are some of the worst, and are supposed to have been started by sparks from locomotives where they were anywhere in the vicinity of a railroad.

A large forest reserve will be established by the government on the east slope of the Rockies, and Mr. Campbell has just returned from starting off two parties of surveyors who will survey the reserve which is to be extended from the international boundary to the head waters of the Peace River.

The subject of this reserve will be the production of timber and the protection of watersheds—once the slopes of the mountains are bare of timber, the small streams which provide water for the country below will no longer exist.

Mr. Campbell says that the buffalo park has a complete system of fire guards which undoubtedly saved it from being demolished in the big prairie fire that occurred at Wainwright.

The Day in Strathcona

J. M. Douglas, M. P., has returned from Vermilion, where he was assisting in the election campaign.

The special concert given by the band of the Fire Department last night was avowed by everyone to be a great success. It was estimated that there were five hundred present and the roadway was crowded with the rigs and carriages of those who had driven in from the outlying districts to hear the concert.

On the subject of a special street car service on the day of the exhibition, Commissioner Bouillon told Secretary Baines this morning that he would do all he could to put on a thoroughly efficient car service to Strathcona. Permission was also granted by the superintendent of the street railway to the Exhibition Association to advertise in the street cars.

HANS WAGNER AND LAJOIE GREATEST PLAYERS IN GAME

For Ten Years They Have Been Top Notchers—Nap is Graceful and Honus the Opposite.

(By Tim Murnane)
Boston, June 24.—For years the baseball fans have been evenly divided as to who was the better player, Hans Wagner or Larry Lajoie. As these men played in different leagues and faced different pit chers the comparison was simply based on observation.

Of the two Wagner is perhaps the most aggressive. He certainly is the picturesque player in the business both at the bat and in the field, and would naturally impress the general run of baseball people. Lajoie, always cool, playing the most difficult balls with ease, and seldom slipping up, is one of the most perfect throwers in the game, with a short, natural snap of the wrist, and a perfect model of grace at the bat. There is little in his play to enthrall the spectator not familiar with the beauties of saving distance. Ten of the Wagner strike are bound to receive double the applause over Lajoie while playing before large crowds.

Wagner is Aggressive
Wagner makes the simple plays appear difficult, while Lajoie makes difficult plays look easy. Both men do phenomenal all-round work both in the field and at the bat. Lajoie taking a chance on the lines only when the batting is light and runs scarce, while Wagner never loses an opportunity to try and steal a base no matter what the score is.

Both are Modest
Both great players are as modest as sunflowers on Cape Cod, going along year after year as the twin kings of the diamond. Now and then some brilliant outfielder holds the attention of the fans, but outfielders can never be classed with great infielders. A great infielder would consider it a joke to play in the outfield while the most brilliant outfielder would consider it an awful position, with no expectations. For example, there is young Hoffman, of the Chicago Cubs, who is perhaps the finest all round player of the present time.

The time comes when the greatest of players must commence to fall off

in play. This season the great Wagner appears worried, while Lajoie, free from the cares of management, and working with practically a losing combination, never played inner ball.

I have known of fine ball players falling off with the stick as the result of reading of too much fine print long before they were due to slow up as the natural result of wear and tear on their systems.

Hans is in Difficulties
For the first time in his life the great Wagner is playing on the defence at the bat, trying to pick out only the good ones when in the past he was willing to slash away at anything he could reach. Can it be that driving automobiles has affected the great player? This is possible especially if the driver of the joy rides is playing through treacherous country without the use of blinders, who are the owner of a ball club, my first request to the players would be to cut out driving automobiles.

It is hard enough to shoot about night and day in a car, but hanging the wheel should be the work of a ball player drawing a fancy salary for his best work with the bat and ball.

A weak batting average is the most serious problem a ball player can face outside the pitchers, who are not supposed to bat. We are all rooting to see Hans Wagner regain his batting eye.

Public River Tires
Players of the Wagner-Lajoie stripe are to the great national game what the magnolia is to the groves of dear old Georgia. The lovers of the game never tire of this great pair, who have held the front of the stage for the last ten years. They are kickless wonders for they never make blunders for the umpires and hold the highest respect of their fellow ball players.

The time will soon roll around, however, when this great pair will have passed into the has-been class, and the generations to come of both player and fan, who have not witnessed their best work, will smile when they are mentioned as great players.

DRECHKO WAS RATHER WILD

Esikisms Lost Opener to Robin Hood, Drop Back to Third—Bating Was Heavy

Moore Jaw, Sask. June 25.—In a good game yesterday, Edmonton was defeated by 6 to 4. Brown pitched a star game with only two hits up to the last innings, when he gave two three-baggers and a single, for three runs. Drechko was rather wild, passing eight men, but he was good in tight places. Triplett made two three-base hits and a timely single. Brennan also made two three-baggers.

SOUTHERN ALTA. LEAGUE GOES UP

Players Were Paid Off Last Night—A Good Chance for Maroons to Sign Some Live Ones

Macled, June 25.—By Staveley and Cheshorn dropping from the league there will be no more semi-professional baseball in the Southern Alberta league this year. At a meeting of the directors of Macled team tonight it was decided to pay off the players, and it is reported that Granum has done the same. The Cheshorn and Staveley teams found it too expensive to support semi-pro ball, and it is certain that two teams, Macled and Granum, cannot keep up a league alone.

The players were paid off tonight, and it is expected that most of them will go to the Western Canada league or go back to Spokane. The professional players of the late Macled team are: Grimes, capt. and p.; Brown, l.f.; Proto, 2b. and ss.; McClure, pitcher, and Speedy, Murrey, a local boy who has been pitching and playing in the field.

The way the league has turned out has disappointed a large number of Macled and Granum fans, as it was thought that if semi-professional ball proved a success this year that a large league, comprising teams from the large towns on the C.N.E. and Crows Nest lines, would be formed next year.

TROUBLE IN FRISCO

Sao Francisco, June 25.—Alleging that the \$1000 rental for the site of the arena which was begun in this city for the Jeffries-Johnson fight had not been paid, Ernest Howell, representing Andrew B. McCreary, owner of the ground, applied today for an injunction to prevent the removal of the unfinished structure. Judge Var Nostrand issued a temporary order restraining the work of removal.

RUBE WADDELL FOR GOVERNOR

Philadelphia, Pa., June 25.—When John K. Tener, the former baseball pitcher, and Senator Penrose's choice for the gubernatorial nomination at Harrisburg today was mentioned for that office, somebody facetiously suggested that George Edward (Rube) Waddell would make a suitable running mate. Thousands of persons throughout the state, especially the sporting element, took the matter seriously and are pegging for the "Rube."

Many of the upstate delegates gathered at Harrisburg tonight have pledged him their support and one Waddell has been assumed, remarkable proportions. Tonight a local paper received from St. Louis a characteristic interview with the celebrated writer, in which, aided and abetted by his actor, he served as a secretary. He will accept the nomination and, if necessary, come to Harrisburg and appear before the convention.

Waddell is under suspension by the St. Louis club for conduct unbecoming a ballplayer and a gentleman, but he does not think that this should bar him from accepting the Republican nomination for lieutenant governor of Pennsylvania.

ALL-STAR TEAM ANOTHER GUESS

Scrives Spend Valuable Minutes Doping Out Combinations This Looks Good

Of course every baseball fan knows that picked teams are only great on paper, says an American exchange, and yet it is tempting to choose those internal stars who look good to you.

Take a look at the following outfit and you will probably agree that it contains some corking ball players, players who would make good on any team. Here they are:

Clayton, first base
Lajoie, second base
Wagner, short stop
Lord, third base
Magee, left infield
Speaker, centerfield
Cobb, right field
Bresnahan, catcher
Mathewson, Mullin and Johnson, pitchers.

"Huggs," McGraw, manager.
Without doubt Hal Chase is the best first baseman in the game today, though "Huggs" Chase of the Cubs follows him after. Who can compare for a moment with the peerless Lajoie? Next base Johnny Evers is the best of the fastest thing on legs. Behind the bat would be Roger Bresnahan, manager of the St. Louis Cardinals, just the man to hold the clever fade-away drop of the great, the champion Tigers, would be about the fastest thing on legs.

An outfield composed of Sherwood Magee, the slugging Philie Star, Tris Speaker, of the Red Sox, and Ty Cobb of the champion Tigers, would be about the fastest thing on legs. Behind the bat would be Roger Bresnahan, manager of the St. Louis Cardinals, just the man to hold the clever fade-away drop of the great, the champion Tigers, would be about the fastest thing on legs.

STRATHCONA WON FROM LEDUC TEAM

Burley and Gossnell Were in the Points for the Winners—Score Was 3-2

(Strathcona Plaindealer)
The fans at Leduc last night saw a game worth the price of admission and then some. It was only by a brief battling rally in the end of the sixth that put the Strathcona team in the lead. The victory followed by retiring the home team in the first of the seventh and closing the inning without a score. The final count was 3-2 for Strathcona.

Some little objection was raised by the Leduc team in the Strathcona playing Burley and Gossnell of the Edmonton City League, but this was amicably settled and a very hard-fought game delighted the spectators.

The Leduc team last night played a fast game and looked like the winners to the finish. The acrophase style exhibited at the game here some time ago was relegated on the home diamond and they played an almost errorless game. A return game will be played here following the closing of the city league.

The teams last night lined up as follows:

Strathcona—Clark, s.s.; Morris, b.; Carmichael, l.f.; Dobson, l.f.; Toombs, c.; Gossnell, c.; Forsythe, r.f.; Reid, c.; Burley, p.

Leduc—G. Hardy, c.; Watt, b.; Aicher, 2b.; R. Hardy, l.f.; B. Blades, s.s.; Callaghan, p.; Freestone, c.f.; H. Blades, 3b.; F. Hardy, r.f.

Score by innings—
Strathcona 100 100 1

STRANGE PHENOMENON

Honolulu, June 25.—Tommy Barras, Bill Lang of Australia, and other immigrants arrived here yesterday en route to Reno to witness the Jeffries-Johnson fight on July 4th. In discussing the coming fight, Fitzsimmons predicted that Johnson would turn white in the ring the first time that Jeff lands on him.

AMATEURS GAVE GOOD DISPLAY

Y.M.C.A. Defeated Wholesalers by 3 to 2—Knott and Crabbs in Fine Pettie

The fans that took in the game last evening at Diamond Park, between Y. M. C. A. and Wholesalers, witnessed a very good exhibition of amateur ball. The splendid diamond gave the boys a good chance to show their true ability and they took full advantage of the opportunity.

The game itself was a pitchers' battle between Jack Knott and Crabbs. Both twirled fine games. Knott had made his opponent, fanning 13, issuing no charities and being found for only three hits. With any kind of support from Gorman, Jack would have registered a shut-out. Crabbs was also on fire with the strikeouts, having ten to his credit. He walked three men and was hit safely on five occasions.

Blaney, the Wholesalers' short stop, had a particularly good evening, accepting many hard hits and figuring in a neat double play which came at a very opportune time. Hardisty and Pearson played first sack in big league style.

Sam also has an indoor game, which most of his race love to play. It is highly exciting and deals a good with wit and arithmetic and it is called "crap."

Pearson and Inglis hit safely in the second, but a fast double play spoiled the Y. M. C. A.'s chances of scoring.

In the third, Gorman led off with a two-sacker, took third on Morgan's out, and scored on a passed ball. Oliver dropped Jamieson's third strike, in the fourth innings, and the runner made first safely. Pearson walked and Inglis fanned. Clark grounded out, Jamieson scoring. Parney hit grass court that Blaney booted, and Pearson crossed the Goodyear. This ended the Y. M. C. A. scoring.

The Wholesalers kept their first run in the sixth, Morrison got first, when Clark and Jamieson bunched one another, trying to get his high fly. A sacrifice hit by Davidson moved the runner along a peg and two errors by Gorman let the run score.

Edmonton got to first in the ninth on Gorman's error and scored when Foster tore off a two bagger. The Wholesalers had a lovely chance to tie the score but Jack Knott was too much for them. He fanned Crabbs and Oliver, while Ross grounded out to Pearson.

If the terrible rumor is true—that President Eckstrom has ordered the Eskimos to spend next week on the road, the amurs should make arrangements to pull off a few more games at Diamond Park during the teens absence.

SAINTS BEAT 'SCONA

The football match between St. Georges and Strathcona resulted in a win for the locals, by 5 to 0. The visitors could only muster seven men, and filled in the vacancies with spectators. The play was ragged.

FADS AND FANCIES OF THE FAMOUS PUGILISTIC STARS

Some Like Motoring, Others Follow the Ponies, While Many Care for Nothing but Clothes.

Fighters all have hobbies and it is the selection of these amusements of the mind and man which play a part in the length of time which the title holder clings to the championship.

The greatest gloverman of the game, the unbeaten wonder, James J. Jeffries, finds fishing and hunting the greatest pleasure nature grants to man. Often he leaves his home and civilization and is lost for weeks in the woods tracking a bear or casting in the streams for bass or trout.

Jack Johnson, the Texan, who has taken the title that Johnson used to wear, is given to motor cars. He loves a whiz on the country roads in his been hauled before more magistrates than any other driver in the country for speeding.

Sam Langford, the Tar Baby, likes to drive trolleys, and has a horse of his own and drives in all of the meetings in the town of Northboro, where his training quarters are located. Sam also has an indoor game, which most of his race love to play. It is highly exciting and deals a good with wit and arithmetic and it is called "crap."

Ketchel a Great Driver

Stanley Ketchel, the middleweight champion, is apparently satisfied with his own title, and finds enough in it to amuse him. He is only a younger, and does not have to worry for a while about the future, and he has been so busy playing show dates that he does not find time to exploit his methods of entertainment of self to the public.

Abe Attell, the featherweight champion, has always been a fall guy for one sport, bangtails. —Abe probably has spent more money on the pinto than any fighter. He will wander daily and is no piker.

When he has something he keeps running on his bets until he eventually bets all his \$100,000. He's a V.V.U.L.A. Some day he may hit the right combination and quit a big winner.

Kaufman Likes Fishing

At Kaufman, the California heavy-

time in the company of Bud Deady, when he is in the east, and with Billy Delaney, when he is on the Pacific coast. He like the king of heavyweights, Jeffries, hunts and fishes. He goes to the mountains and often Billy Delaney has had to go after him with a pack and inform him that he has been beaten to fight. He has never lost an argument.

Frank Klaus is a baseball fiend. He is a corking player himself and when he is in Pittsburgh goes daily to watch the Pirates work and play, and when he is in Merchandise, N. J., training he plays every day, even when the snow is on the ground.

Yankee the Dude

Little Yankee Swartz is a dresser of class and he spends a large part of his ring wages on clothes. He always looks as though he had been extracted from a fashion plate, and as he has not a mark as a result of his work in the roped arena, he mixes in the crowd on the broadwalk at Atlantic City, and is seldom known as a fighter unless someone passes who has seen him in the ring.

Phil McGovern, the brother of Terry, likes the race track and while he is not given to wagering like Terry did or as Abe Tittel still does, Phil was a jockey and a good one, in his early athletic days. When he can get away from training quarters he goes to the track and watches the runners whiz about in their workouts.

SOME BAD NEWS FOR LOCAL FANS

Eckstrom Robbed Eskimos of Four Home Games—May Not Be Home for Ten Days

President Eckstrom, the big Polish, for the time being director of the Western Canada League destinies, has decreed Edmonton shall stay on the road until next Friday. Without any warning, this erratic personage has coolly robbed the locals of four home games and will insist on playing here on July 1st.

President Hal Middleton of Calgary, who is in the city yesterday, arranging for the series of six games to be played here on a week's time.

We expect to have a few words more to say Monday on the subject of the incompetent league president.

EXCAVATORS FIND OLD ROMAN BOAT

It Was Buried Under Foundations of New Government Buildings at Lambeth

London, June 24.—The excavations for a new public building at Lambeth have revealed various small objects of interest.

Among them is a sunken ferry boat, the date of which has not been determined, but which probably belonged to the period of the Roman occupation.

The excavation has cut the vessel obliquely, and the section has revealed a boat sixteen feet in width by a length at present uncertain, and a depth of one foot nine inches. It has a flat bottom. It has cross-ribs 6 inches by 3 inches, at 12 inch centres, and an outer covering of 3 inch planking, all of oak, black and nearly perished.

It is intended to remove the earth down to the level of the sides, and then under careful inspection, to clear out the remainder, so to obtain a perfect view of the vessel before its removal, which unhappily, cannot be effected otherwise than by demolition, owing to the state of decay.

WOMEN THIEVES WORKED AS MAIDS

Paris Police Put Servants Under Surveillance to Catch White Apron Brigade

Paris, June 24.—The Paris police have been obliged to organize a special detective brigade to watch domestic servants in Paris.

Information has been received at headquarters of a thieves' organization called the "White Apron Brigade." By means of forged testimonials the members of the gang, which is several hundred strong, obtain situations in private houses and rob their masters. A few days ago two women who had stolen \$800 and \$1,000 worth of jewelry were arrested by the police. One of them, a German girl of twenty-four, had already committed more than a hundred thefts. When out of service she lived in an expensive flat in Paris, beautifully furnished, in which the police have found a number of valuable pictures believed to be stolen. The woman's last alias was Marie Muller, but she has at least eighteen others.

FARMER'S GOAT ATE UP THE MAIL

Mail Bag Was Broken Open as It Was Thrown Off the Train

North Bay, June 23.—H. J. Majesty's mail was scattered promiscuously along the C. P. R. right-of-way from Cache Bay to Verner, the other evening. The Pacific Express, carrying the mail, does not stop at Cache Bay, and in throwing the mail bags out of the car as the train thundered past, they were drawn beneath the wheels and the contents whirled along with the train for miles. Departmental store packages were ruthlessly mangled by the flying wheels and one man found

his suit in several townships, with the vest at Cache Bay, the coat at Verner, while a farmer's goat was calmly making a meal of the pants. Registered letters and correspondence covered a large section of territory, and the postman at Cache Bay had an interesting time collecting the mail.

About Town

The verdict arrived at by the jury which, under Dr. Forin, Coroner, investigated the death of John Lambert, the government buildings watchman who was found dead, that the man had come to his death by strychnine poisoning, self-administered.

W. H. Waddell, C. E. and party who laid out seven townships along the south shore of Lac la Biche, returned yesterday. Mr. Waddell reports that although some muskeg was encountered the country for the most part is adapted to wheat growing and mixed farming.

A meeting of former residents of the counties of Ontario along the St. Lawrence river was held last night and it was decided that it possible they should arrange a special reception for Hon. George P. Graham when he comes here in company with Sir Wilfrid Laurier. Hon. Mr. Graham is an old Eastern Ontario boy.

C. O. Hicks, who is retiring from his position of mathematical master in the High School, was presented by the pupils yesterday afternoon with an illuminated address and a travelling bag. Principal Rea presided and the presentation was made by Miss Jeffray and H. Dean.

The Temperance and Moral Reform League will hold a temperance meeting at the Orpheum Theatre at 4 o'clock on Sunday afternoon when a picture film entitled "Jerusalem in the time of Christ" will be shown. Special music will be contributed by the McDougall Methodist orchestra, violin solo by Mrs. Winklake and a vocal solo by Mr. M. M. Morden. The chair will be taken by Mr. S. W. Cox, of Strathcona. All are welcome.

The Young Women's Circle of Westminster Presbyterian Church will give a concert in the church auditorium on Tuesday evening, July 5th, under the direction of Mrs. Eby. About 30 young women will take part in this concert, which will consist in part of Indian club swinging, waltz drills, marches, choruses, etc. Miss Edith Astley, who has just lately returned from studying in Europe, will be pianist and will give instrumental solo. An orchestra will also assist. The admission is 35c.

The members of the Sons of England and St. George's Society are requested to meet at the Oddfellows' Hall, Norwood Block, Jasper avenue, on Sunday at 2 p.m. to attend the funeral of the late brother, O. E. H. Hughes. The funeral service will be held at All Saints' Church at 2:30. All members are requested to make special effort to be present in order to show their esteem for their late brother. All Welshmen in the city are also invited to attend.

The Daily Capital has received from Mr. H. C. Anderson, manager of the Edmonton branch of the Traders Bank, an "Expense Book," which that institution has had prepared, and is distributing. Its purpose is to enable one to keep track of his or her personal and household expenses. At the end of each week it is possible to see at a glance just how the money that has gone out in that period has been expended. In addition information is given as to banking methods which will be welcome to many to whom such matters are more of a mystery than they should be. The management will be pleased to provide anyone calling at the bank with a

RESCUE HOME FOR EDMONTON

After careful and long investigation and taking counsel with the various elements of our city life, most likely to know the needs and working of a Rescue Home, the Council of the United Aids has come to the conclusion that a suitable Rescue Home must be provided for the city with up-to-date sanitary and such other accommodations as is necessary in the making of a home suitable for destitute women and children. With a view to the accomplishment of this purpose, at a joint meeting of the United Aids and Ladies Auxiliary, very largely attended, it was unanimously decided that immediate steps be taken to procure for the city suitable buildings and up-to-date equipment. The issue of management will be a matter for joint and careful deliberation after a conference with existing sympathies. But the Aids have determined to forthwith use every possible and legitimate means to raise the money. One of the schemes adopted will be a gigantic tag-week during the forthcoming exhibition days of the Edmonton Fair. The services of some dozens of ladies will be solicited. Churches and schools, baseball and football associations will be called into requisition. The Rescue Home will be under popular control. With but few exceptions in the Dominion of Canada each city possesses its Rescue Home. Edmonton has none, except such as the Sisters of the Bench Mission with their kindness have taxed themselves to establish.

EDMONTON TENNIS CLUB

The Edmonton Tennis Club is now in full swing, and the courts on Saturday afternoons are occupied without interruption from 3 o'clock until dark. A number of new members have joined and some excellent tennis will be played during the annual tournament, which should prove to be a great success this year. The changes that have been made in the grounds are great improvements—additional meeting has been put up at the place where the balls are likely to be sent out of the grounds, new nets provided, and the courts themselves are in better condition than they have ever been in. Another great asset of the club will be the telephone which will be installed in a few days, and should prove very useful to members who wish to ascertain if their friends have arrived, or to arrange matches.

This afternoon a tournament on the American plan will be arranged in which every couple plays a match with every other couple, those scoring the greatest number of games being the winners. This kind of tournament, therefore, gives every one a chance and all get the same amount of matches and their fair share of the courts, as would not happen if the tournament was a knock-out one. On Saturday a tea is always provided by one or two of the lady members, and a fair number of non-players come to the grounds to watch the play.

Personal

J. E. White of the C. N. R. accompanied by Mrs. Whitte, left this morning for the coast.

Senator Roy accompanied Senator Jeffray on the latter's return east. It is his intention to be in Edmonton again in August.

J. H. Gariepy and Madame Gariepy wish to announce to their friends the engagement of their daughter, Maria, to J. M. Dechene of this city. The marriage will take place on the 11th of July in the private chapel of St. Joachim Church on Victoria avenue.

Captain Johann A. Mikkelberg, late of the Norwegian merchant marine, is in the city. Captain Mikkelberg has been a member of the United States and Canada and while in conversation with the immigration authorities he expressed himself as delighted with this country.

The death took place this week in London, England, of Hubert Haylock, who last January resigned the assistant management of the branch of the Bank of Montreal in the British metropolis, a position he had held for a lengthy period. He was the father of H. J. Haylock, manager of the Imperial Bank at Chase, B. C., and son-in-law of R. Perry Barnes, Edmonton. Mr. Alex. Morris, Grand Chief Counselor of the Canadian Order Chosen Friends, will visit the City of Edmonton on Tuesday next and will be given a reception by the local council of the order in the Matthee Hall. A Mayo evening, that evening, at eight the council will hold a secret session and at nine a public reception will be held to which all are invited, especially all Chosen Friends, whether affiliated with the local council or not. Mr. Morris' home is in Pembroke, Ont., and he is sheriff of that county.

"Do your buying by phone" is a new department started in the Daily Capital on June eighth today. Readers of the Capital are urged to make good use of this service, which we are confident will prove helpful.

LOTS OF FUN AT EMPIRE

"The Masked Ball" presented at the Empire Theatre last night by the Eckhardt Company is a farce of the howling description. It is full of absurd situations and the fun of it keeps the audience laughing a great part of the time. As each new play has been presented each member of the company has had an opportunity to do particularly clever work. Last night it was Miss Georgia A. Nichols as Madame Poulard, a ridiculous character part, which she carried off excellently. Miss Deffrey was, as usual, competent and attractive. Of the men E. F. Hawkins had the best chance last night and made the most of it. The play will be repeated this afternoon and this evening.

The Calgary Herald reprints that R. L. Shaw, M.P.P. for Stettler, has bought three lots in that city just west of the Underwood Block from S. L. Rae for \$37,000.

Messrs. R. H. Bull & Sons, of Brampton, Ontario, the breeders of Jersey cattle, who exhibited at Edmonton last year have just made a shipment of 40 Jersey cows to the Calgary Exhibition. Owing to the lateness of the Edmonton Exhibition they will be unable to exhibit here, but they are making special arrangements to ship cows from Calgary to Edmonton to any who wish to purchase from this city. This firm have sold a great many Jersey cows in the province, all of which have given splendid satisfaction, and intending purchasers of a good family cow would do well to visit the Calgary Exhibition.
